Instructions: Take a scrapbook page and make three flaps using coloured paper.

Write on the flaps:

Before War , After War , After Restoration

Under each flap draw pictures showing:

- 1.A healthy forest 2.Trees destroyed during war 3.People planting trees

Write a math equation related to the number of trees.

Example: Before war = 80 trees Trees cut = 30

$$80 - 30 = 50 \text{ trees left. Trees planted later} = 20 ; 50 + 20 = 70 \text{ trees}$$
