The Little Explorers' Summer Quest: A Journey of Joyful Learning, Language & Discovery

Dear Parents,

Summer has tiptoed in with its golden sunshine, laughter-filled afternoons, and the promise of unforgettable moments. It's a magical season for children—when the world feels like a playground and every day is an adventure waiting to unfold.

At Ramjas International School, we believe that learning doesn't just happen in classrooms—it blossoms in backyards, bubbles in bathtubs, whispers through bedtime stories, and sparkles in giggles shared between a parent and child. These early years are a treasure chest of curiosity, imagination, and growing independence—and we want to help you fill them with meaning, wonder, and growth.

That's why we've lovingly curated this **Summer Holiday Homework** not as a task, but as a **journey of joyful learning**, where children play, express, imagine, and grow—all while building a rich vocabulary and foundational skills. This holiday kit is your child's passport to a summer full of discovery—through stories, colours, movements, nature walks, and delightful bonding time with family.

Together, let's make your home a hub of learning and laughter. Every room can be a new land to explore, every conversation a vocabulary builder, every story a chance to spark creativity. With you as their guide and cheerleader, your child can develop essential language, motor, emotional, and thinking skills while having endless fun!

The theme of this year's Holiday Homework— **"Play, Learn, and Shine"**—has been carefully chosen to reflect the spirit of early childhood. Through playful activities, your child will learn essential life and language skills while shining in their unique way. Whether it's through crafting, dancing, story-building, or simple conversations, every activity is a stepping stone toward confidence, creativity, and curiosity. Let this summer be filled with heartwarming moments, gentle learning, and joyful discoveries that make your little one beam with pride.

So, this summer, let's transform ordinary days into extraordinary memories. Let's play, let's learn, let's shine—**together.** 😊

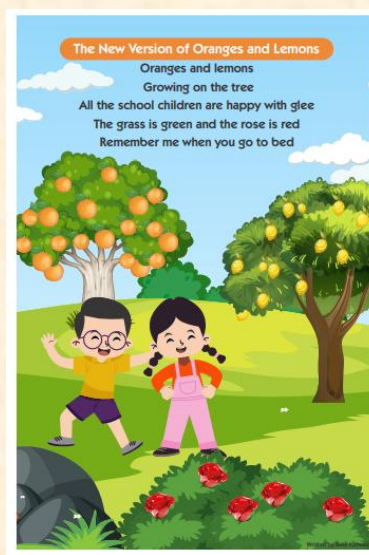

Instructions:

Please encourage your child to complete the given worksheets at home to help reinforce the concepts learned in school. We kindly request you to send the completed worksheets along with the creative activities mentioned below in a folder when the school reopens.

LANGUAGE ENRICHMENT: Express with Joy!

- **Alphabet Treasure Hunt:** Hide letter flashcards around the house. Ask your child to find them and say the word beginning with that letter.
- **Rhyme Time:** Recite rhymes together like *My Red Balloon*, *Twinkle Twinkle Little star*, *The New Version of Oranges and Lemons* (shared below) and ask simple questions about them.
- **Talking Time:** Every evening, have a "Talk with Mama/Papa" moment where your child narrates one thing they enjoyed during the day.
- **Magic Words Game:** Keep a Magic Word jar. Add a star every time your child says "Please," "Thank you," or "Excuse me." Celebrate with a sticker party at the end!

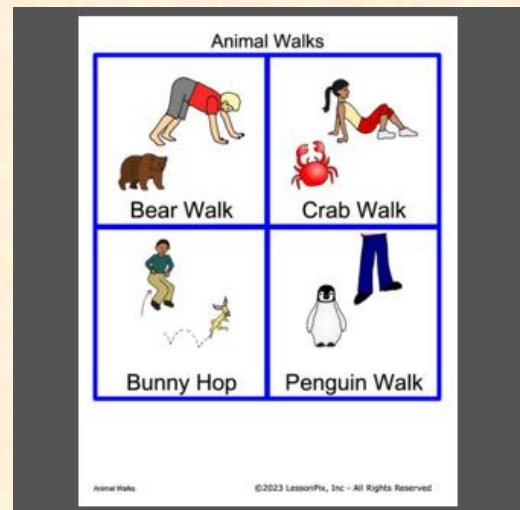

COGNITIVE FUN: Learn Through Play

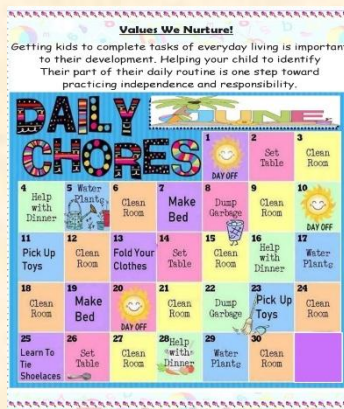

- **Shape Sorting Box:** Create a fun sorting game using a shoebox and cutouts of circles, squares, triangles, and rectangles.
- **Colour Hunt:** Pick a colour each day and let your child find 5 items of that colour around the house.
- **Puzzle Play:** Give your child age-appropriate puzzles or jigsaw activities to enhance their problem-solving skills.

PHYSICAL EXPLORATION

- **Animal Walks:** Pretend to be animals—hop like a bunny, crawl like a tiger, waddle like a duck!
- **Balloon Volleyball:** Use a balloon and play a gentle indoor volleyball game to build coordination.
- **Obstacle Fun:** Set up a mini obstacle course using cushions, tunnels (chairs with sheets), and toys.

LIFE SKILLS & SOCIAL EMOTIONAL DEVELOPMENT

- **Little Helper Chart:** Make a weekly chart where your child ticks tasks they helped with—watering plants, folding napkins, putting away toys.
- **Story Time Sharing:** Share one story from your childhood every week. Ask your child what they learned from it.
- **My Family Tree:** Create a simple family tree with names and photos/drawings of family members. Encourage your child to talk about them.

HEALTH & HYGIENE

- Teach your child to brush twice daily, wash hands before and after meals, and stay hydrated.
- Practice simple yoga poses like butterfly pose, lion's breath, or tree pose.
- Create a "Healthy Eating Rainbow Chart" – let your child colour fruits and veggies they eat from different colour groups (red tomato, orange carrot, green spinach, etc.).

ARTISTIC ADVENTURES | CRAFT CORNER

- **Rainbow Smiles Craft**

Materials: Coloured craft paper, glue, scissors, string or wool, black marker or crayon, tape or thread for hanging.

Steps:

- Fold coloured papers in a fan shape to make the rainbow.
- Cut out cloud and sun shapes.
- Stick smiley faces on the clouds and sun using a marker.
- Attach strings with paper raindrops to the bottom of the clouds.
- Paste everything together and hang it up!

- **Tasty Treats Placemat” – A Feast of Fun & Favourites**

- Let your child design a colourful and creative placemat. **On an A3 sheet, ask them to paste pictures or draw things they love!** In the center, help them write their name using fun techniques like earbud painting, vegetable stamping, or sponge dabbing.
- This activity boosts fine motor skills and lets children express their food preferences in an imaginative way. **Get it laminated to use during school mealtimes as a personalized mat!**

Special Bonding Activities

Environment Day Special: My First Plant Buddy (June 5)

This Environment Day, let's teach our little ones to love and care for nature!

Activity: *Plant a Memory*

- Help your child plant a small **seed or sapling** in a pot or recycled container.
- Decorate the pot with paints, stickers, or drawings.
- Give the plant a **special name** (e.g., Greeny, Sunny, Leafy).
- Water it daily and observe its growth.
- Take a **photo** of your child with their plant and share it with the class teacher

📌 **Bring a picture of your plant buddy to school after the holidays to share your experience!**

Father's Day Celebration (June 17):

Celebrate the love and support of fathers with the following:

1. **Make a Handprint Card**

- Dip your child's hand in paint and make a "Handprint Card" with a message: "You're my superhero, Dad!"

2. **Dad & Me Activity Time**

- Spend time playing a favourite game or cooking together and talk about your favourite things about each other

3. **My Super Dad Roll**

- Let's celebrate Father's Day by making a fun craft that looks like Dad using a toilet paper roll! We will paint, decorate, and dress up the roll to create a cute "Dad" figure. It's a fun way to show love and say "Thank you" to our superheroes at home—our dads!

What You Need:

- Empty toilet paper roll
- Paint or sketch pens
- Googly eyes
- Colored paper
- Glue and scissors
- Black pen or marker
- Buttons (optional)

What to Do:

- Paint the top of the roll for hair and the bottom for a shirt.
- Stick googly eyes and draw a smile.
- Cut a paper tie and paste it on the shirt.
- Decorate with buttons or a paper moustache.
- Write a short message like "Love you, Dad!" on the back.

4. World's Best Dad Medal

- This fun and colorful craft helps little ones make a special medal to honor their superhero—Dad! Using paper plates, stars, ribbons, and bright colors, children will decorate a "World's Best Dad" medal to gift on Father's Day.

Materials Needed:

- Paper plate, Coloured paper (for stars and ribbons)
- Glue, Scissors
- Markers or crayons
- Ribbon or strips of paper for hanging

Steps:

1. Take a paper plate and decorate it with colourful stars.
2. Write "World's Best Dad!" in the centre.

3. Attach ribbon or paper strips to the bottom and top (for hanging).
4. Let the child colour, stick stars, and decorate as they like.

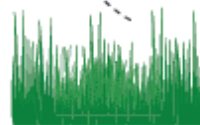

Pre-Writing Practice

Complete the tracing worksheets. Encourage correct colour grip, slow movement, and neatness. Talk about what they are tracing: *"This is a straight line. This is a zig-zag."*

Name: _____

Tracing Curved Lines

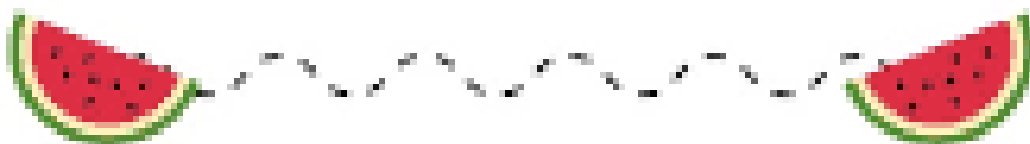

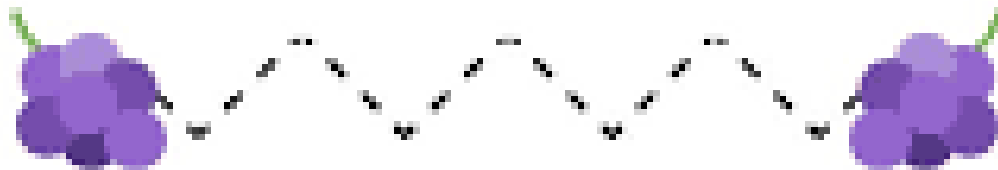

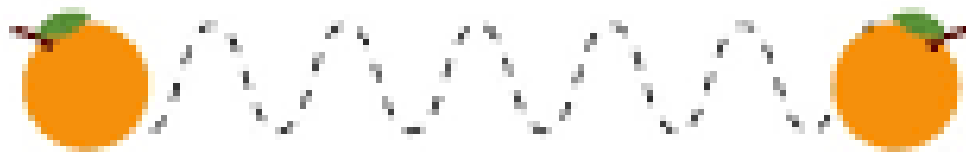

Trace the curves going downward and make it easy for the animals to grab the food.

Name: _____

CONNECT THE FRUITS

Trace the line to connect the fruits.

Name _____

Line tracing

Trace along the broken lines

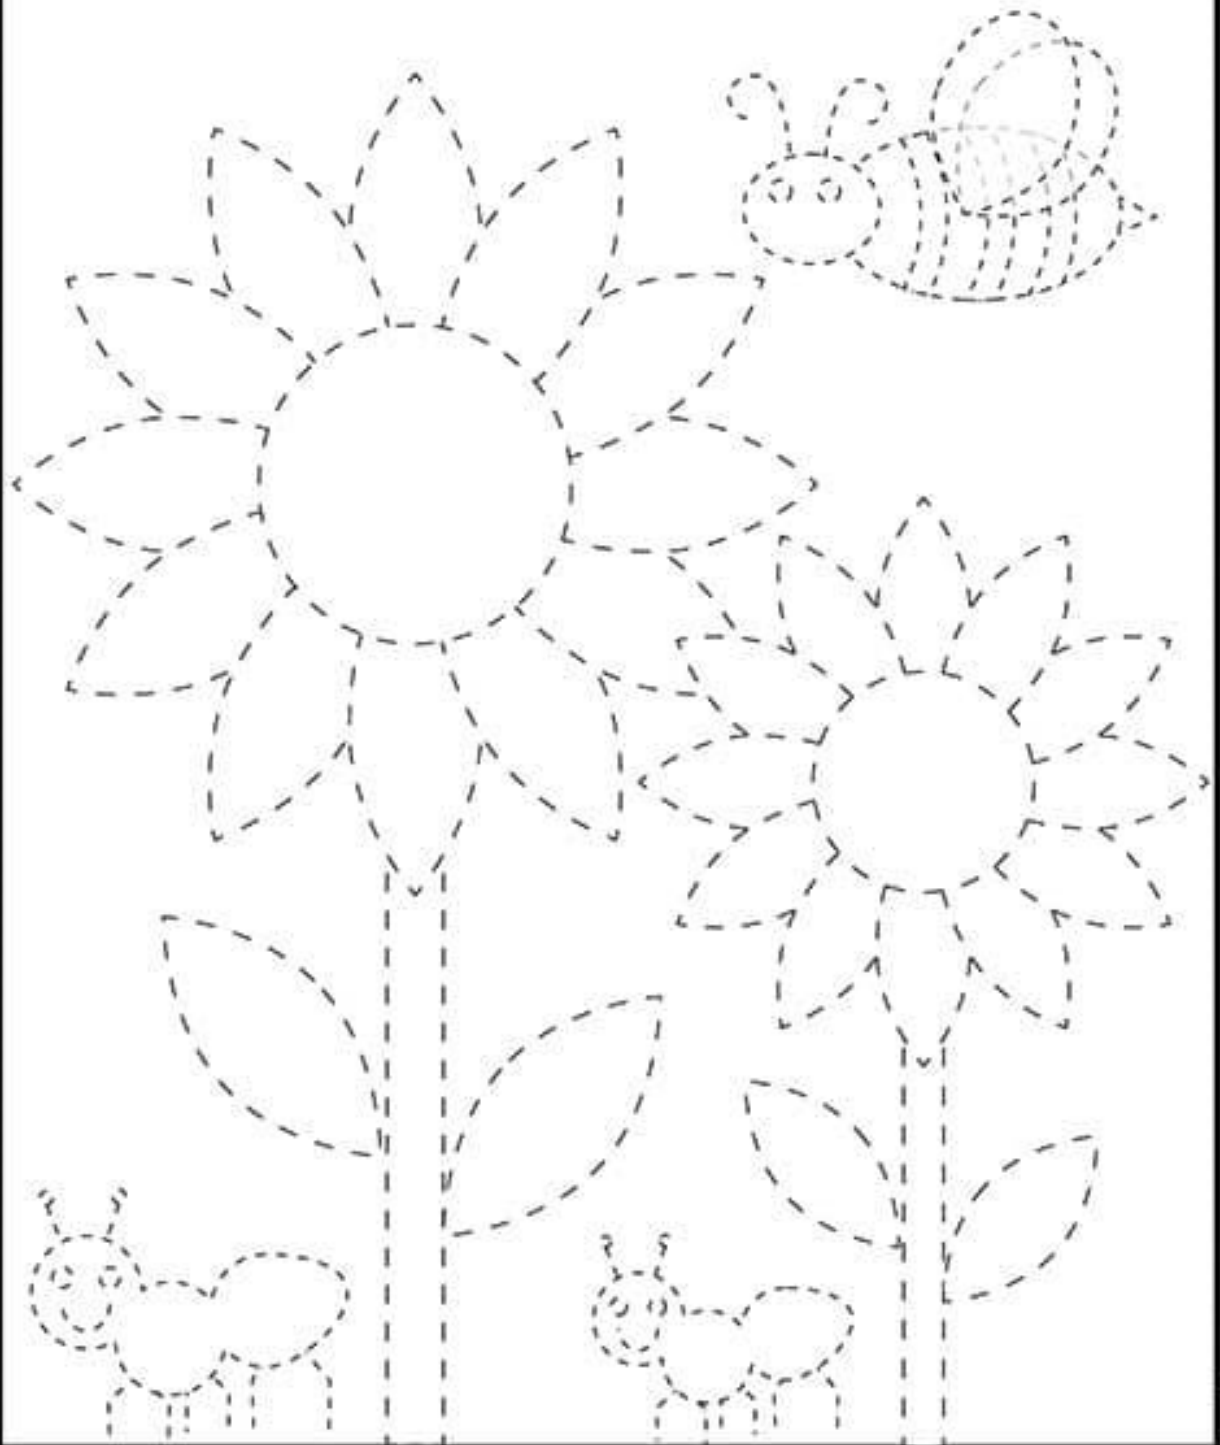

Colour and Trace

**SUPERSTAR
WORKSHEETS**

Garden Tracing

Practice tracing lines by following the rain from top to bottom.
Also, color the cloud, rabbit, umbrella, flowers, and carrots.
How many carrots do you see?

✿ Submit all worksheets and creative work in a folder by: 7th July, 2025

Let this summer be about **discovery, laughter, stories, scribbles, and songs.** Your involvement makes all the difference in nurturing a confident, joyful learner.

Wishing you a season full of sunshine and smiles!

✿ School reopens on: 1st July, 2025
